Exhibitions

The first part of the exhibition was devoted to the collection of objects of art and science which the British Museum had acquired by purchase.

In the second part of the exhibition, the British Museum had a large collection of objects of art and science which had been acquired by purchase. The objects were arranged in a series of cases, and the collection was very extensive. The objects were arranged in a series of cases, and the collection was very extensive.

The collection was arranged in a series of cases, and the objects were very extensive. The collection was arranged in a series of cases, and the objects were very extensive.

in abundance year the garden  
and is full of specimens as has been  
previously done for many years  
to the (Puffin) I have the  
thought what time to best in different  
positions (could be for the day)  
As to the situation you have had  
previously spoken of I have  
I am glad to hear you are  
in order to let you know  
of the situation  
of the garden during the  
summer months before  
I found that the birds were  
the same with the  
country in all of the  
the situation of  
the garden is as usual  
in all respects  
The same as in the  
the same as in the  
the same as in the  
the same as in the  
the same as in the  
the same as in the  
the same as in the  
the same as in the

Handwritten text, possibly a letter or report, mentioning "Hudson's Bay" and "the staff for several years".

Second paragraph of handwritten text, continuing the narrative or report.

Third paragraph of handwritten text, including a crossed-out section.

Fourth paragraph of handwritten text, concluding the page.
